

Adding value from the voluntary sector and a community development approach

- Investing a little can go a very long way
- Communities helping themselves are regeneration in action
- annvandyke.co.uk
- Community Thrive (Action for Children and Thrive)
 - Community Thrive Champions
 - Thrive informed communities
 - A Pass It On (PIO) approach
 - Because babies' brains matter!

MANAGING CHANGE, TACKLING INEQUALITY

Lessons from lock down and what next?

- Decision-making happened quicker
- Early years and childcare came into focus
- Information-sharing challenges were overcome
- Physical delivery shifted and moved
- We developed a whole new tool kit we need to embrace (and use appropriately)
- Time speeded up for some (and slowed down for others)
- We worked **with** families and communities to find joint solutions
